Dimensional & Channel Letters

Enhance your brand name or message with dimensional letters! Dimensional letters and sign solutions are used in trade shows and events and in all types of interior spaces. We offer a wide range of options to support your branding and messaging needs!

dimensional letters

Material Options

Our expertly crafted dimensional letters are made with your choice of material and can be mounted individually to a wall or structure.

- acrylic
- PVC
- foam
- wood

Finishing Techniques

We can produce letters in all colors – solid colors, woodgrains, you name it! The possibilities are endless.

- paint
- laminated
- foam

Mounting Options

Depending on the application for use, we will work with you to understand the mounting option for the use and space.

- flush
- standard
- temporary
- permanent
- adhesive/mechanical

Illumination

A glow will always set your brand apart from the rest! Illumination is a specialty, and we will work with you to understand the type of glow and color that works best for your brand. White is always a popular choice, and we offer a plethora of other RGB color options as well.

channel letters

Channel letter signs are made of a combination of aluminum, acrylic and often times, LED light. We produce channel letters in all types of fonts, colors, and sizes for brand visibility and legibility.

Design

We work with you to define a letter design that meets your branding needs, specs and requirements! We offer a variety of options and can help you choose what's right for the environment and application.

Options

Backlit

Backlit Channel Letters have LED lights at the back of letters that create a halo effect; choose any RGB color or White.

Face Lit

Face Lit Channel Letters are three-dimensional signs constructed with a translucent face, allowing LED lights to be installed inside. Choose any RGB color or White.

Opaque

Opaque Channel Letters are three dimensional letters without lights inside.
